Perfect **Prospects.**

markilux Product Innovations 2021. Made in Germany.

1 Great prospects ahead.

markilux pergola stretch: Cover extended

markilux pergola stretch: Cover retracted

markilux pergola stretch

Truly immense and with impressive prospects

The new markilux pergola stretch opens up entirely new possibilities as far as solar and wet weather protection are concerned and therefore also for outdoor living. The cover is perfectly integrated into the minimalistic, high value awning system. The rhythmical, space-saving cover folding technology makes it possible to shade large areas and creates a special and impressive atmosphere. Manifold customisation options mean that the markilux pergola stretch will invariably catch your eye and they demonstrate that it is well prepared for a comfortable and relaxed season – al fresco.

- + Maximum dimensions 7 × 7 m
- + Water drainage assured – even at the minimum pitch of 5°
- + Awning cover made of UV-resistant, waterproof and highly flame-retardant PVC-coated tarpaulin material or markilux perla FR
- + System coverboard protects the retracted awning cover
- + Seamless fixture thanks to the wall sealing profile
- + Horizontally aligned cover support profiles provide particularly high areal stability

markilux pergola stretch

First and foremost. Farther and wider.

Attractive protection majestically full of fresh air

The markilux pergola stretch stands for presence: an even larger area shaded effectively and protected from both wind and weather. Especially for the gastronomy branch, it offers a multitude of possibilities to fulfil the patron's penchant to experience al fresco dining. Utilise the many options to react quickly to the ambient weather conditions and create an enticing atmosphere for your patrons: effortlessly, practically. And visually it's a real "eye-catcher", too, along the lines of: "Great prospects – as far as the eye can see".

- ⊕ Large-area awning system – up to 25 × 7 m in 5 fields: versatile sun, wind and wet weather protection
- ⊕ Personally tailored project advice for the gastronomy branch and other commercial enterprises by markilux team:project
- ⊕ The pre-fitted guide tracks, lighting and heaters make for safe and simple installation
- ⊕ A large choice of lighting and heating options as well as wind protection and privacy screens at the side

markilux pergola stretch

Vertical cassette roller blinds offer protection against wind and low-lying sun, optionally fitted with a Panorama window

A heater fitted to a cross-beam

LED lighting in the cover support profiles and in the cross-beam

Modern. Magnificent.

markilux format as lateral wind protection and privacy screen

State of the Art – in comfort, light and colour
 The option to fit atmosphere-creating lighting, heaters and a broad choice of fabric patterns, the markilux pergola stretch can be personalised and made to provide more comfort in manifold ways. The perfect ambience in which to spend cosy hours together or with family, friends or guests. And it invariably gives a great performance, regardless.

An integrated gutter reliably ensures water evacuation

Safe and sure
 Thanks to the sturdy system cover-board, harmoniously integrated into the awning frame, the cover, when retracted, is protected from inclement weather and soiling.

Format. Finished.
A great outlook.

markilux format lift

markilux format lift

The new addition to the markilux format family

The proven wind protection and privacy screen has been expanded by the addition of a new, practical version: markilux format “lift” – which has a vertically extending frame section with either a textile fabric covering or a transparent, full foil window.

- New modular wind protection and privacy screen in the markilux format family
- Vertically extending aluminium frame with textile fabric covering or transparent full foil window
- Maximum height when extended 190 cm, maximum width 250 cm, can be extended in modular fashion
- Effortless installation and alignment
- Ideal for use in combination with markilux awning systems or as a stand-alone wind protection and privacy screen
- Tried-and-tested markilux quality – Made in Germany

markilux format lift

markilux format lift
The infinitely adjustable wind protection and privacy screen system for patios and open areas, which can be expanded in modular fashion.

Cool down. Chill out.

Fully in line with gastronomic taste

The markilux format lift opens up creative opportunities to the gastronomy branch to create and organise outdoor areas, in particular where so-in-demand al fresco dining is concerned. Whether providing privacy or wind protection – it is quite simply a good investment, and a perfect framework for creating a cosy, feel-good atmosphere in which to spend relaxing hours under a clear sky.

- ⊕ Effective privacy and wind protection – the tight-fitting complement to other markilux awning systems or for open areas
- ⊕ Ideal for use in outdoor dining areas
- ⊕ Adapt its colour finish to match the architectural surroundings, and the cover can be printed e. g. with a personalised logo
- ⊕ Space-saving room divider, versatile in application

3 Twilight. At any time. At the touch of a button.

Create a cosy ambience
Pleasantly attractive lighting provided by the LED Line in the folding arms, infinitely adjustable in intensity.

Aesthetic, impressive, and safe
Folding arm with bionic tendon and integrated LED Line.

Feel-good lighting in the sturdiest of arms.

Simply brilliant

The twilight hour describes the most enchanting light of the day at dusk. This new lighting option integrated into the folding arms of the awning allow you to prolong this special lighting atmosphere for as long as you wish. Watch your guests' eyes light up.

- + LED Line in the folding arms
- + Available for the markilux 1300, 1600, 1700 and 1710
- + Infinitely adjustable in intensity using a markilux remote control or comfortably via smartphone or tablet

smartart
THE ART OF SMART PRINTING

markilux – smart art

The artful art of technology

This innovative markilux printing technology makes the creation of highly unusual motifs possible. With smart art markilux is presenting highly unusual fabric patterns – works of art, in fact. A visual highlight for your patio and with the charm of artistic creativity. Like this, leaving your “imprint” takes on a whole new meaning.

- 16 creative, artistic fabric patterns
- Powerful colours
- When viewed against the light, the pattern motif is clearly visible on the unprinted underside of the fabric
- markilux smart art awning covers are manufactured using a technically advanced and proven latex printing process and are highly weather resistant, lightfast and water repellent

smartart
THE ART OF SMART PRINTING

Impressive from any and every side

When viewed against the light, the pattern motif is clearly visible on the unprinted underside of the fabric. The printed motif is visible on the side hems of the cover where these have been turned under. A pattern mismatch may be in evidence where the cover panels have been joined.

Printed – as if painted.

The smart art "Takeaway Gallery"

All 16 fabric patterns in their original quality to be appraised and touched, with inviting images and information. The practical Collection Swatch Box makes it possible to present the smart art fabric patterns effectively.

Dare to envisage something extraordinary

markilux is proud to present the one and only smart art fabric collection: 16 attractive and impressive motifs inspired by art. Every one unique – in its own way. Patterns that will lend your patio the flair of individuality and creativity. The art of smart printing: printed – as if painted.

Create the most alluring shade in the world.
